

Eva Katharina Wolf

I'm a Product Designer based in Copenhagen with experience in delivering end-to-end UX design for software products. As a creative problem-solver with a passion for Design Thinking, I bring a unique blend of UX expertise and outside-the-box thinking to every project.

EXPERIENCE

Novo Nordisk A/S, Copenhagen (DK)

Student Assistant
UX Design & Consulting

Digitec GmbH, Hamburg (DE) • 2 yrs 9 mo
Product Designer

As a Product Designer I optimized a b2b software for banks in terms of usability:

- Collaborated closely with three development teams and stakeholders
- Executed Design Sprints to explore the problem- and solution space
- Introduced a User Insights Knowledge Base for quantitative and qualitative User Research
- Created interactive prototypes with Adobe XD and Balsamiq
